**Sub : Walk In Interview**

ITI Limited is India's pioneering venture in the field of telecommunications. Established in 1948, this premier PSU coming under Ministry of Telecommunication and IT, has contributed to 50% of the present national telecom network, with state of art manufacturing facilities spread across six locations at Bangalore, Naini (UP), Rae Bareli (UP), Mankapur(UP), Palakkad ( Kerala ) and Srinagar (J&K) also with a country wide network of marketing / service outlets. The company offers a complete range of telecom products and total solutions covering the whole spectrum of Switching, Transmission, Access and Subscriber Premises equipments. Despite stiff competition ITI has maintained its position as India's top Telecom turnkey solution provider. These products have been customized for customers like BSNL, MTNL, Defence and Railways by strong team of engineers. In tune with the technology trend, it has embarked on manufacture of mobile infrastructure equipment based on GSM (Global System for Mobile Communication) technology.

We are looking for Engineers with degree in Electronics / Electrical / Telecommunication / Communication / Radio Engineering , individual or combination of any of these discipline for engagement **on contract Basis for a period of one year which may be extended further** for installation, commissioning operation and maintenance work of GSM telecom equipment at various locations at Mumbai , Navi Mumbai and Kalyan – Dombivali areas.
